

Superior Solutions

PRODUCT SPECIFICATION REPORT

BIO BATHROOM is an effective biological cleaner and deodorizer ideal for floors, walls, ceilings, counter tops, sinks, faucets, urinals and toilets.

BIO BATHROOM

PROD. #P831

Biological Cleaner

FEATURES	BENEFITS
User Friendly	Provides a safe natural solution for cleaning all soils in bathrooms. Neutral pH.
Accelerated Enzymatic Degradation	Synergistic action allows for faster and more effective cleaning.
Superior Odour Control	Aerobic and facultative anaerobic bacteria blends effectively eliminates the source of bathroom odour such as urine.
Concentrated	Use at concentrations of 1:64 parts water for low end dilution costs.
Environmentally Friendly	All ingredients meet EcoLogo [™] standards. No environmental concerns when exposed to waterways.

APPLICATIONS & DILUTIONS

Product may be applied by mop or wash cloth and bucket. Pre-spraying surfaces and leaving sit for 3 to 5 minutes and then washing is recommended for best cleaning and odour elimination. May be used as a urinal additive. Dilution rate as follows:

- Light daily cleaning 1:64 parts water
- Medium soil and odours 1:32 parts water
- Heavy soil and major odours 1:16 parts water
- Urinal odour control Use undiluted
